LAGOS, NIGERIA

SUMMARY

Enthusiastic and detail-oriented Junior Frontend Engineer with a passion for creating visually appealing and user-friendly web applications. Proficient in modern frontend technologies including HTML5, CSS3, and JavaScript (ES6+), with experience working with frameworks like React.js. Adept at building responsive and accessible interfaces, collaborating in agile environments, and optimizing performance for seamless user experiences.

Experience

FIRST CITY MONUMENT BANK PLC | 2018 - 2019

Intern

As a Teller Intern, I assisted in daily banking operations, including handling cash transactions, managing deposits and withdrawals, and maintaining accurate account records. I provided excellent customer service by addressing client inquiries and resolving minor discrepancies.

AkinTech Digital World | 2020

Copywriter

As a Copywriter, I crafted compelling and persuasive content for various platforms, including websites, social media, and marketing campaigns.
